

EcoPlate AI: Pitch Deck Outline & Speaker Script

Deliverable 3: PowerPoint Presentation Outline (12 Slides)

Slide 1: Title Slide

EcoPlate AI: Zero-Touch Food Waste Intelligence for Indian Messes (SDG 12 & FSSAI).

Slide 2: The Problem Scale

68M Tons food waste in India; 25-35% mess waste due to itemized data blindspot.

Slide 3: The EcoPlate Solution

Overhead edge YOLOv8 camera + FastAPI backend + Autonomous Procurement Agent in INR.

Slide 4: Technical Architecture

Raspberry Pi 5 edge vision, async Python backend, React frontend, TimescaleDB store.

Slide 5: Autonomous Agent Flow

Vision Agent -> Analytics Agent -> Procurement Agent (Auto POs & WhatsApp alerts).

Slide 6: Business Model (Lean Canvas)

B2B SaaS (INR 25k-60k/mo) + Hardware Setup (INR 85k-1.8L) + Enterprise Integrations.

Slide 7: Unfair Advantage Matrix

100% hands-free vision vs manual scales; proprietary Indian regional thali dataset.

Slide 8: Environmental & ESG Impact

50 Tons waste saved/yr, 120 Tons CO2e avoided/yr, SEBI BRSR ESG audit compliance.

Slide 9: Market Opportunity & GTM

TAM: INR 35,000 Cr; GTM via Sodexo India, Compass Group India, higher ed pilots.

Slide 10: Product Roadmap

Q1 Prototype -> Q2 Campus Pilots -> Q3 SAP/Tally Connectors -> Q4 50 Commercial Messes.

Slide 11: Team & IBM Synergy

Computer vision & full-stack expertise built with IBM Agentic AI principles.

Slide 12: Call to Action

Join us in halving institutional food waste in India by 2030!
